# Parent Guide: How to translate subtitles on You Tube

- On YouTube, you can select to see video subtitles in another language.
- There are a wide range of languages available, and more languages are added overtime.
- This guide shows you how to view subtitles in another language
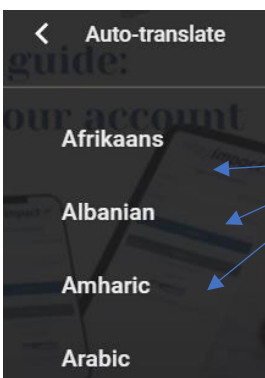

Step 1 - Select the settings icon

Step 2 - Select Subtitles/CC

Step 3 - Select Auto-translate

Step 4 - Select language

TIP: You can click and drag the subtitles to move them around the screen.
